A Journal of a Whaling voyge from Lorient to the South seas in the snow called the Betsy Captn Aron Thrasher Commander 1793

Transactions on Tuesday th. 8 January 1793

begins Moderate W^st^erly winds and Clear weather the Chief of the crew on whom Latter Part the winds gradually hawling to the Northward

Transactions on Wednesday th. 9 1792

begins moderate South Westerly winds Employed in sending the main top gallantmast in End and setting up the top mast rigain fore and aft took one boat load of wood off

Latter Part the winds hald to the S & E and gradually hawling to the southward at 10 P.M. on wase with the Pilot on board at 11 got under way and the top gallant yards aloft at half ast 11 passed by the St Degoard to the South End of

Transaction on Thursday th 10 January 1793

Begins a brisk S E Wind and some rain attended at Staring sail To Port forwards at 1 P.M Degrees Bore

24			E b S 8 Distance 7 Miles from which Take-
4			my Departure at 2 took in Staring sail. Pit
6			fore top gallant sail hald the fore sail up at 7 took
8			in Main top Gallant trait the Wind Cam at W S W
10			
12			and West at 10 P.M. tack & ship and stood to the South ward Latter
2			winds Double reff fore top sail Took in Main top mast stay sail at
4			P.M. tacked and stood to the N W b W took in reff in Main
6			top sail and one sail which ore Cam very nie running Down at 6 the wind
8			Continued to the S W and Increased and Appeared for a gale the
10			Captain thought Proper to make a harbour put up fore & Main
12			and stood in for the Land at 9 Cam the Glanies 9 Leagues Distant
			hald Close to the wind to Clear and day stood S S E at the rate of
			4 knots sent fore and main top gallant yards down so ends

Transactions on Friyday the 11 January 1793

begins a brisk gale and hazy weather still standing to the SE
at 1 P.M. Steard E.S.E for the 2d. Degrees the Main top gallant
Yard up set the sail at 2 and 3 degrees bearing E & E. Distance 8 leagues
set topmast Stearing sail and Lower one to Starboard at 2 Comm.
within 3 degrees took a pilot on board to Carry the Vessel in took in
said as occation required at 5 Came to anchor in point Louis harbour with
the best bower and moored with the Stream anchor the Capt went
to Lorient with on boat and Cried at 11 had a heavy squal
of wind and rain the vessel Drifted and went foul of another brig
which stove our Spare boat that was over the Stearn Let go the
other anchor which brought the vessel up Latter Part
Fresh gales and rain attended at 5 A.M. the vessel Caught
a ground. Weighed the Stream anchor and Carryed out to the S.W
and Weighed the other anchor to Warp it out but the wind
Increased. which prevented our Carrying it out the Pilot Came on
board but to no purpose End in hard gale and wet weather

Transactions on Saturday the 12 January 1793

Begins hard gales and rain attended at 3, P.M. the pilot went on shore
Middle part much the same rain attended
Latter Part Fresh winds at E.N.E. lightning and thunder
hail attended at 9 A.M boarded a boat of a brig and carried out anchor
out weighed the other one and moored Employed in stocking the other
anchor Several of our People had a boat to Come along side and
took their own Liberty and went on shore Moored

Transactions on Sunday the 13 January 1793

Begins winds more moderate and Clear at 8, P.M. have a heavy squal
of wind had a brig Drifted foul of us but Cleared without any damage
Middle Part hard gale from the W.S.W and rain attended the
Drifted our Westernmost anchor which our best bower touched the
Bank hired some hands and Weighed our Easternmost anchor
and bent it carried out the Stream anchor and Warped the
vessel out and bent our best anchor Let it go and

Transaction on Monday the 14 1793

Monday Part the Winds moderate and Cloudy with rain

Latter part the wind hauld To the Et the weather Cleared at 9, A.M.

Fitched the Starboard boat off from Lorient with Boards and sallstores

Cleared the Ships hawse sent Topgallant masts Yd End and Struck Lower

Mast in Part of the best Bower Cable att Mord the Pilot Came on board

Transactions on Tuesday the 15 1793 January

Begins a brisk wind from the Et and Clear at 1, P.M. weighed our

best bower anchor and hove in upon the small one at 2 the Captain

came on board sent with a boat and weighed our Stream anchor

the Pilot [illegible] thought not a proper time to carry the Pilot out

which concluded not to go moored with the Stream anchor for the night

at 8, P.M. the pilot went on shore at 4 the Capt went to Lorient

Middle Part Fresh winds from the Et. To the Sd W with hai

l attended Latter Part winds from the Et at 9, P.M.

the Captn came on board the came at the same time weighed

the Stream anchor and began to heave on the small Bower hove

Down to the wharf Serves then weighed for the tide to rise

at Mord weighed and Sailed the Pilot went without the Capt

then returned Soends.

Transactions on Friday the 8 Febuary 1793

begins a moderate brease from the E & S and thick heavy
weather Steared W S W at 1 P.M. saw several whales
breach and spout Lowered Down the Starboard boat and Chased
but their being going so quick to wind ard the Capt returned
on board and took the boat up kept of again set the Staring
sails at Starboard and Port at 5 saw two brigs lying at anchor
in the harbour saw St gago as the sun fell to the Westward
of it at 6 P.M. Came in to anchor where the two brigs ly-
one of them belonged in Rhodeisland america the other in Lon.
a frenchman anchored in 15 fathoms of water with the Small
Bower anchor at 6 P.M. the Capt went on board of the
American brig at 8 returned on board Latter Part begins
Moderate gales and Clear weather at 9 P.M. the the boat went
on shore with the Capt the boat returned Directly on board
at 9 took up our Provisions from between Decks at 10 then
came fresh gales of the Land which our vessel Drifted of the
bank Cleared away for head a head got out anchor to the
bough set the fore topsails for Stay sail and Jib hal the
the fore sail out and Beat in Let go the small bower
anchor in 10½ fathoms of water 6 handed the sail and got all
Clear for to stow our provisions Down so End

Transactions on Saturday the 9 Febuary 1793

Begins a moderate breas from E by S and fair but a thick haz
with a haze from one till two o'clock Employed in stowing
our Provisions off the provisions at 3 the Captain came on
board, set up our Main rigging at half Past 2 o'clock finish

At 4, P.M. Grapee one of the sailors entered in to a dispute with the second mate Alexander Corna the noise brought the Captn from the Cabin who ordered the said grapee forwards / but so far from obeying him Continued his Contest the Captn therefore to support his station took hold of him to Put him forward when several of Peopl Endeavoured to Prevent him which Put him in such a Passion that he struck several of them Particular Francois Et boughs for making a Blond at the Chief mate who was doing his Duty in quieting the Disturbance at 10, P.M.

Captain Jacob weighed and sailed from the Distinguishes from there to Rhode island Latter Part the wind gradually Increased at 1, A.M. the Captn sent with one boat on Shor to Trade for hogs and goats but there being so few hogs that he Could not buy any goats 4 and one Sheep at Noon returned on board Ditto
